

August 22, 2018

Dear Parents/Guardians,

Last year we purchased a software program to allow you to monitor where your child's bus is located and give an estimated time of arrival to their location. We launched this program at the end of the 2017-2018 school year. We want to make you aware of this program again as we prepare for the 2018-2019 school year.

The company we purchased our new buses from, will not have our new buses to us until mid-September. Therefore, not all of our buses will have the GPS units installed. I ask for your patience as we try and roll out this exciting feature for our parents.

Similar to last year, you will register yourself and your student through this link. Make sure you have your child's student ID when you go to register.

<https://edutracker.avonlocalschools.org/livepp/par/showRegistrationForm.par>

Once you have registered, then you will use this link to access the daily route information. I would suggest you make this a bookmark/favorite in your web browser.

<https://edutracker.avonlocalschools.org/livepp/par/showLoginForm.par>

Finally, please be sure that your child is at their bus stop (point of safety) BEFORE the bus arrives. This will ensure the safety of all our students.

If you have any questions about Parent Portal please e-mail Bill Fishleigh at fishleighb@avonlocalschools.org

Thanks,

Bill Fishleigh
Director of Operations
