
Vape Prevention Program

Hosted by Avon High School Student Services
Presentation by The LCADA Way

January 31, 2019

7:00PM

**Avon High School
Auditorium**

**The Truth About Vaping: What
Every Parent Needs To Know**

The use of vaping is on the rise among middle and high school students. Join us for a presentation given by a prevention specialist with The LCADA Way, to learn:

- What is vaping?
- Health effects
- Media impacts on vaping
- Prevalence of vaping use among middle and high school students
- The different vaping devices
- Ingredients in the e-juice
- THC extracts being used in vaping devices

Take home materials will be provided.

Jose Flores | Associate Director of Community Education & Prevention Services
The LCADA Way | 1930 Reid Avenue, Lorain, OH | 440-989-5912 (Office)
