

Avon Local Schools

Parent Seminar Series

The goal of Avon Local Schools is to focus our efforts on improving the academic achievement of all of our students. Further, the Avon Local School District is committed to work with the families and communities and to implement the 40 Developmental Assets program for the benefit and betterment of all our students.

To support our families, Avon Local Schools annually presents a series of seminars designed to meet specific needs for the family. All seminars are held at the Avon Middle School in the Media Center (7:00—8:30 p.m.). The Seminars are free to all participants, and are geared for parents and guardians. Bring a pen and pad of paper, and a friend. Child care is NOT provided.
