Vacation Philosophy

Foremost, the Avon Local School District feels that family vacations during the school calendar place a hardship on the student and therefore encourages parents to arrange vacations to coincide with school vacation/breaks. However, those family vacations, which cannot be taken during designated breaks, may be excused provided proper notice is given to the school and the child's current attendance status permits.

Attendance Expectations

Ohio law requires students to attend school daily and strict guidelines are provided regarding absences. Absences due to vacations will be subtracted from the allotted 10 day sick bank.
